FCN Summer Camp 2021

“Resilience, Hope and the Faith Connection”

Psychologists define resilience as the process of adapting well in the face of adversity, trauma, tragedy, threats, or significant sources of stress.

Hope is the belief things will work, especially when it seems otherwise. It helps you stay calm and peaceful when something less than desirable emerges. Hope believes you will get through it. Hope teams with faith and believes in the impossible.

This year-long theme will focus on moving forward and renewing our FCN practices with our faith connection post-pandemic.

Keynote Speaker:

Faith Roberts, MSN, RN, NEA-BC, *Executive Director Magnet, Pathway, Professional Practice and Parish Nursing; Carle Foundation Hospital and Carle Physician Group, Urbana, IL.*

Speaking at both national and international levels, Faith has spoken numerous times at Westberg Symposium, as well as at Health Ministries Association events.
