September 2022

Dear Community Friends,

Thank you very much for your interest in joining the Racial Equity Learning Community! We are grateful to learn and serve with you in advancing racial equity and justice in our community.

**Racial Equity Learning Community (RELC) Vision:** To advance racial equity and justice in Bucks and Montgomery Counties, Pa through committed organizational learning, community-building, and action that deepens organizational and collective capacity for change.

- **Racial Equity:** The condition that would be achieved if one’s racial identity no longer predicted the opportunities and barriers that one experiences.
- **Racial Justice:** The proactive reinforcement of policies, practices, attitudes, and actions that produce equitable power, access, opportunities, treatment, impacts, and outcomes for all.

**Important Message:** The RELC is a commitment of time, learning, change and action for your organization. By applying to join this learning community, you are making the deliberate choice to integrate this learning, work and action into the culture and services of your organization. This is a shift for many of us. It requires the commitment and support of your board. It requires all of us to continue the learning and action when this gets challenging! By completing this application, you are affirming that your organization is dedicated to these next steps of organizational learning, action and community-building and action.

If you cannot - for whatever reason - commit to these requirements, there will be other ways to learn and build community in the year ahead, including an optional, 3-workshop B-JEDI Training Series (Belonging – Justice, Equity, Diversity, and Inclusion) with Quaiser Abdullah, PhD, CPC.

If your organization is ready to make this commitment, then please submit your application and thank you! We are grateful to take this journey with you, and to build a more equitable community together!

Warmly,

The RELC Planning Partners
Bucks-Mont Collaborative, Interagency Council of Norristown, and Tri-County Community Network
Application & Instructions:

1. Please read these materials and the organizational commitment.

This application includes step one of the *Tool for Organizational Self-Assessment Related to Racial Equity*, which is labeled as the “organizational readiness reflection.” This 16-question reflection should be completed by the Executive Director or CEO, with board or senior management consultation, if applicable. This reflection is designed to help you gather a more complete assessment of your organization’s current practices and policies as they relate to racial equity, as well as help guide you in using the tool to ultimately complete your organization’s racial equity action plan. This evidence-based tool was created by the Coalition of Communities of Color and All Hands Raised, and helps your organization assess current work in these areas, as well as create a plan with actionable steps for where you want to be.
