

OUR MISSION

The Bucks-Mont Collaborative fosters information and resource sharing, dialogue, and collaborative action to support and strengthen the health and human services sector in Bucks and Montgomery Counties.

OUR WORK

We are a catalyst for connection and collaboration, a learning hub for timely trainings and professional development, an active advocacy network, and a leader in strategic initiatives such as the Racial Equity Learning Community and the Bucks-Mont Trauma Coalition.

OUR MEMBERS' EXPERIENCES

My team is proud to work with the Bucks-Mont Collaborative because we believe in the power of collaboration and collective action. When it comes to addressing the greatest challenges in our communities, no single person, organization, or policy can do it alone. It takes all of us pulling in the same direction – and the Collaborative helps make that happen.

- Marissa Christie, President & CEO, United Way of Bucks County

Each year the Collaborative offers many opportunities for learning, networking, and professional growth that helps our organization meet the many needs of our diverse staff. The environment of Collaborative workshops and trainings not only enhances the learning experience, but also creates lasting connections and networks in our communities.

- Marsha Eichelberger, Executive Director, Family Promise Montco PA
